

# WISCONSIN NATIVE FISH SPECIES

MUSKELLUNGE  
*Esox masquinongy*

NORTHERN PIKE  
*Esox lucius*

LARGEMOUTH YELLOWFISH  
*Perca flavescens*

SMALLMOUTH YELLOWFISH  
*Perca flavescens*

ROCK BASS  
*Ambloplites rupestris*

WHITE BASS  
*Ambloplites rupestris*

WALLEYE  
*Stizostedion vitreum*

YELLOW PERCH  
*Perca flavescens*

WHITE CRAPPIE  
*Pomoxis annularis*

BLACK CRAPPIE  
*Pomoxis nigromaculatus*

BLUEGILL  
*Lepomis macrochirus*

PUMPKINSEED  
*Lepomis gibbosus*

GREEN SUNFISH  
*Lepomis cyanellus*

CHANNEL CATFISH  
*Ictalurus punctatus*

LAKE TROUT  
*Salvelinus namaycush*

BROOK TROUT  
*Salvelinus fontinalis*

BROWN TROUT  
*Salvelinus fontinalis*

RAINBOW TROUT  
*Salmo gairdneri*

STEELHEAD  
*Salmo gairdneri*

CHINOOK SALMON  
*Oncorhynchus tshawytscha*

BROWN BULLHEAD  
*Ictalurus nebulosus*

LAKE STURGEON  
*Acipenser fulvescens*

Merrill Z. Peterson is known as a wildlife and fish painter and preservationist, creator of dendroecology, and naturalist. He was recruited to act as the Chief Artist, Dept. of Wildlife Commission during the late 1960s through the 1970s. He created for the Commission, a series of drawings depicting as faithfully as possible, several species of fish found in this country.
