

# *Children's Activity #7a*

## **Tree Huggers**

This is kind of like hiking musical chairs, with tree identification built in. One person serves as the Tree Master. As you are hiking, the Tree Master calls out the name of a tree (oak, for example). Everyone then has to run and hug an oak tree. Last one to hug an oak is out. Continue until only one person remains. That's your new Tree Master.
