

Torin's Clue # 6

Torin's S'mores Break

Torin has been having a little too much fun at the creek, and all that exploring worked up an appetite.

With summer quickly slipping away, he decided he'd better enjoy one of the season's favorites—a s'more!

This time, he wandered away from the water in search of a sheltered spot among the trees where he could settle in for his snack.

If you're hoping to find Torin, you might want to hurry. Once his snack is gone, we don't think he'll be sticking around for long.
